

Dove

This famous flame maple-backed dreadnought introduced in the early '60's is intertwined with one of the most revolutionary decades in popular music history. It's maple back and sides and long scale produce the crisp, clear tone and projection while the square shoulder body adds balance and warmth. The hand-crafted pick guard, with a single mother-of-pearl dove among painted flowers, make this guitar instantly recognizable.

Specs

Series	Limited Edition
Body
