

## ES-235

*The Instant Classic*

The Gibson ES-235 is a brand-new powerhouse design for the 2019 line-up. Inspired by classic Gibson models like the ES-125 and the iconic Les Paul, players will find themselves ready to conquer any musical genre. The ES-235 is built around a maple centerblock paired with spruce bracing. The result is maximum semi-hollowbody versatility. The single-cutaway body design offers easy fret access across the entire rosewood fingerboard. Burstbucker Pro humbucking pickups and our Memphis Tone Circuit Plus (MTC Plus) ensure that you're always ready to be heard. Available in a stunning Ebony gloss finish, the ES-235 is destined to become an instant classic in the Gibson line-up.
